AFRICA AGRICULTURE TRANSFORMATION SCORECARD

The 2017 progress report to the Assembly

Highlights on Intra-African trade for agriculture commodities and services: Risks and Opportunities Assembly Decision (Assembly/AU/2(XXIII)) of June 2014

Department of Rural Economy and Agriculture (DREA)

Zimbabwe scores **3.2** /10 and is **Not on track** in implementing the Malabo Declaration on Agriculture transformation in Africa ...

Highlights of the 5 key areas of strong performance of the Country:

100% for CAADP Process

Completion.

100% for evidence-based policies, supportive institutions and corresponding human resources.

100%

of farmers having access to agriculture advisory services. 100%

response to spending needs on social protection for vulnerable social groups, from the government budget. 4.4%

of wasting among children brought down

Highlights of the 5 key areas that require the country's attention:

6.0%

of public
agriculture
expenditure as
a share of total
public
expenditure.

-35%

increase of the size of irrigated areas, from its value of the year 2000. **-2.1**%

annual growth
of the
agriculture
value added
(agricultural
GDP).

33.2%

of the population is undernourished.

27%prevalence of stunting among children under 5

years old.

Recommendations

- Zimbabwe should increase public expenditure in agriculture to meet the CAADP Malabo target of 10%, enhance access to agriculture inputs and technologies (such as investments in irrigation for smallholder farmers), and increase areas under irrigation.
- The country should invest in nutrition interventions to reduce undernourishment and the prevalence of stunting among children under 5 years old.
- -The country should put in place policies that would facilitate and promote intraregional African trade in agricultural commodities and services.
